DAD ARRESTED FOR KILLING DAUGHTER'S ABUSER RUNNING FOR SHERIFF

Police arrested a father named Aaron Spencer in Arkansas after he allegedly shot and killed a 67-year-old former police chief, Michael Fosler, who was out on bond after being charged with molesting the man's daughter.

Updated Oct. 13, 2025:

Aaron Spencer is now running to be sheriff in Arkansas, according to the NY Post. In a powerful video announcing his run, Spencer said, "I'm the father who acted to protect his daughter when the system failed." He further said, "Through my own fight for justice..."

For many on social media, Spencer's message hit home. Some of the general public is sympathetic to his situation and support him.

The message comes amid his being charged with murder for allegedly killing a former police chief who kidnapped and abused his 14-year-old daughter. His trial date has been pushed back. Read the original story below.

The Aaron Spencer Arrest

This what is happening with Aaron Spencer Michael Fosler. The court had awarded the family a no-contact order regarding Fosler after they accused him of stalking and raping their daughter over the summer in 2024.

Police had arrested Fosler in July of that year.

However, Fosler, with deep police ties, was able to get a low enough bond to get out of jail. Some have said Fosler should not have received a bond at all because of the allegations. He had been hit with a slew of charges related to the girl, including Sexual Assault, Sexual Indecency with a Child and numerous other offenses.

The Hint: Math.

Last Issue's Answer Reveal: Nowhere is Franks's age mentioned. "1933" could be the ward where Frank was born, while "1946" could be the ward in which Frank died.

Don't Be Complicit in Enabling Bad Behavior: Just Say No

The line between being a supportive friend and an enabler is often blurry. When does "We had so much fun drinking that you blacked out" turn into "I think you have a drinking problem and maybe you should see someone"?

As a friend, it's your responsibility to address when someone you care about is headed down a bad path. If you don't and something bad happens to them, are you at least partly to blame? These are complex questions that can determine if you're a good friend or a liability.

What Makes an Enabler?

Enablers don't cause the problem, but they provide the means by which to make things worse. If a man is belligerent while slurring his speech to order another drink, the enabler is the bartender who slides the next shot glass to him. Enabling isn't restricted solely to substance abuse. It can happen in any situation where a friend or family member is struggling with destructive behavior, whether it's gambling, overspending or addiction.

How Enabling Happens

Enabling is any action you take to soften the natural consequences of a person's poor choices, providing the means for the cycle of bad behavior to continue.

THOUGHTS FROM THE EDITOR

ON THE NOTE OF AARON SPENCER, MURDER IS WRONG, AND NO ONE SHOULD TAKE VIGILANTE ACTIONS. AARON DID NOT. HE SAVED HIS DAUGHTER FROM A KIDNAPPER WHO WAS FIGHTING AN ABUSE CASE AGAINST HER. AARON MAYBE SHOULD BE SHERIFF.
