Riddle Time!

The more you take, the more you leave behind. What am I?

RIDDLE. Me. This.

Take some time, kick back and mull it over with your favorite drink and a friend. Relax a little. What is the answer to the riddle? Feeling brave? Leave a comment.

This Week's Hint: March on.

Last Issues's Riddle Answer: An egg is more useful when broken.

THREE BOLD JEWELS

-  Your closest friends tell you the truth with instructions, while volunteering to help.
-  When you can do it together instead of "by yourself," you master every room and relationship.
-  They don't know you like you know you, so the opinions carry different weight.
-  **Q&A:** What would you tell yourself 10 years ago? It's not too late to tell it to yourself now that you've thought of it.

28-year-old Cleveland Mother Jailed for Killing Two Daughters

The 28-year-old Aliyah Henderson is in custody facing murder charges in Cleveland, Ohio. The charges come after her daughters' bodies were found in suitcases in a park.

Phillip Donaldson told WEWS-TV, "It was like a pile of dirt, and she stopped to sniff ... and she was taking too long. So I went back and looked, and it was a suitcase that was half-buried, and I pulled it up and looked in it, and it was a head. Somebody's head in it."

Records show the girls were withdrawn from school in 2022. It seems the school system did not check on the welfare of the girls.

The father of one of the girls was heartbroken . "I just feel useless. I couldn't save my daughter," Deshaun Chatman told local reporters. On Thursday, he visited the spot where his daughter had been buried. He said he wished he could've done more.

Henderson is being held on a \$2million bail. Get more information [here](#).

Other News: Jesse Jackson Jr.'s Political Comeback

Speaking to the Chicago Tribune, Jesse Jackson Jr. made an argument for being reelected. "I own my behavior. I pled guilty, I accepted responsibility, I paid my debt to society in full. I don't owe America anything else."

Jesse Jackson Jr. pled guilty to misusing campaign funds. The government accused him of using those funds for his own personal expenses. Prosecutors accused him and his wife of illegally spending over \$750,000. They claimed the couple spent the money on a \$43,350 gold-plated men's Rolex watch, thousands on furs and memorabilia from Michael Jackson, Bruce Lee and Martin Luther King Jr. Additionally, prosecutors said the husband and wife blew over \$60,000 on lifestyle upgrades.

One of Jackson's biggest supporters is Leading the Future, an organization focusing on AI and tech jobs. Southland Ministerial Alliance has officially endorsed Jackson as well.

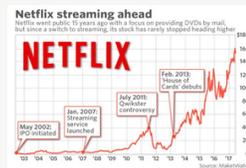

Since his release, Jackson has not been arrested for any other crimes. He also managed to be a motivation for others.

Highlights: Stock and Crypto

Netflix is trading at \$94.06, down from the \$95.57 it was trading at last issue. The price is down, but it's a steal, with the streaming giant likely to bounce back hard later in the year.

Ethereum is trading at \$2,320.54, up from \$1,900 last issue. However, it is significantly down from its peak of over \$4,000 last year. The price has the potential to reach that peak again, but some analysts are skeptical.

Tech Quote of the Week:
AI will be the best or worst thing ever for humanity."
